Web Development Projects

Family Friendly Books (Sarah Lipman)
January 2017- Current

- Designing, developing, testing, and launching a C#.NET MVC web application for a private client as an extension project for my Web Applications Development course.

Milpitas High School Music Organization
January 2017- April 2017

- Developed a website for my Senior Capstone course by overseeing a team of eight IT students. Under my leadership as Lead Developer, we effectively coded, troubleshooted, and completed the website ahead of the deadlines.

Torah Academy of Buffalo Grove*, Freelance Web Developer*
August 2016- December 2016

- Created a new website for the school using a Wordpress child theme, PHP, and CSS.

Atlanta Kashruth Commission (AKC)*, Assistant Web Developer*
June 2016

- Assisted a non-profit organization with their transition to a new website, using Wordpress, CSS, and modern design principles.

Honors, Awards, and Certifications

- TestOut Security Pro certification, 2016
- President's List, Middle Georgia State University (Fall 2015, Spring 2016, Summer 2016, Fall 2016)
- Honored Volunteer- Friendship Circle of Atlanta, 2016
- Marian F. Perling Hadassah Chesed Student Award, 2014
